

**Big enough to deliver,
Small enough to care.**

RUBBER PRODUCTS

About Us

Since 1965, Harwood Rubber Products has manufactured top quality industrial rubber rollers, printing rollers and a variety of custom rubber coated rollers and molded rubber products. We also offer rubber roller recovering and regrinding of your used rollers along with repair of worn bearing surfaces and replacement rollers. Our nearly 60 years of experience in the industry assures you of reliable performance in every rubber roller application.

each customer's
unique application

Why Our Customers Choose Us

Our unrelenting focus on quality and consistency makes us the partner you want in your time of need. When there's an issue, we fix it right the first time. With a broad array of products and services offered, we can deliver exceptional results in a short amount of time to keep your business moving seamlessly. While others settle for less, we will never stop striving to continue earning your trust - our customer relationships are the driving force of our business.

Our Location and Facility

Our 30,000 square-foot location guarantees your orders receive prompt attention, eliminating annoying and costly delays. Both pickup and delivery services are available to minimize your downtime.

1365 Orlen Avenue, Cuyahoga Falls, Ohio 44221
